

## Laboratory and Pathology Services include:

**Pathology Services-** Provided by Associated Pathologists and Medical Center of Central Georgia, Department of Pathology and Laboratory Medicine

**Local Access** -On-site immunohistochemistry (can improve TAT by 24 - 48 hrs. minimum)  
-FNA by cytopathologist available on request (e.g. initial or repeat / follow up LN aspiration for flow cytometry)

**Experience-** On- site board certified cytopathologist and hematopathologist

**Availability of Resources-** Overnight Intra-departmental consultation available with ~ 50 colleagues for virtually all pathologic specialties.

**Courier Service-** Couriers are available daily Monday – Friday at office preferred times for specimen pick-ups. Scheduled weekend pickups available.

**Client Services-** Experienced Clinical Laboratory Scientists handle technical support. Additional resources include Clinical Laboratory Specialists, PHD chemistry professionals and pathologists.

**Patient Service Centers-** 5 convenient lab collection sites located in Macon. No appointment necessary. Walk-ins welcome! Free parking.

**Same Day Testing-** most routine labs are performed locally at The Medical Center of Central Georgia Laboratory and available next day via remote printer or fax. STAT lab test orders processed and reported within 2 hours of specimen receipt.

**Remote Result Reporting-** remote fax is provided to facility for reporting of routine and STAT results. Print times are scheduled according to client request.

**Web Based Orders and Results-** Lab Valet system offers continuous access to results, onsite order entry and capability to interface results into Electronic Medical Records.

**Associated Pathologists** is the largest physician owned pathology group in the United States. With over 50 pathologists, we provide a wide range of anatomical, clinical, and administrative services to hospitals, multi-specialty clinics, surgery centers, physician offices and other clinical reference laboratories, and have done so since 1965. Associated Pathologists is an academic style group practice that has superb range and depth of experience, expertise and certifications in all subspecialty areas of pathology.
